## OUR POWERFUL AND RELIABLE GENERATORS

**GENGP2200I**

**1700 Watt Inverter**  
 • Runtime: 7 hours at 50% load  
 This handy generator makes transportation easy and provides stable power by reducing its fuel and sound emissions.  
**\$679**

**GENGP3500IO**

**\$789**

**\* 3000 Watt Open Frame Inverter**  
 • Runtime: 8 hours at 50% load  
 Noise reduced generator delivers clean power in sound-sensitive environments.

**GENGP6500**

**\$789**

**\* 6500 Watt Portable**  
 • Runtime: 10.5 hours at 50% load  
 Generac's durable OHV engine ensures long engine life and heavy-duty wheels make transport easy even in difficult terrain.

**GEN6823**

**\$2079**

**\*\* 6500 Watt Portable Gas**  
 • Runtime: 14 hours at 50% load  
 The G-force engine features optimized power and the fully wrapped, 12 gauge steel tube provides rugged durability.

**GENGP8000E**

**\$999**

**\* 8000 Watt Portable 420**  
 • Runtime: 11 hours at 50% load  
 The OHV engine and the electric start model contribute to a superior operation. The low-oil shutdown saves engine from damage (battery included).

**GEN6822**

**\$449**

**2" Semi-Trash Water Pump Kit**  
 • Runtime: Up to 5 hours  
 Pumps up to 158 gallons per minute and integrated low-oil shut down saves fuel.  
**Kit includes: 12' suction hose, 25' discharge hose strainers and connectors, wheel kit**

**DWDXGNR7000**

**\$1149**

**\*\* 7000 Watt Commercial**  
 • Runtime: 11 hours at 50% load  
 Get instant feedback on the current fuel level and power emission. The DEWALT engine, and the hassle-free electric start-up make this generator a steady solution (battery included).
